

# PHA5876C Patient Care VIII: Complex Patients

Spring 2023

*4 Credit Hours – A-E Grading*

---

Eighth of an eight course sequence that prepares the student to provide patient centered care by serving as a collaborative interprofessional team-member who is an authority on pharmacotherapy. This course focuses on providing patient-centered care to complex patients who have chronic care needs or serious disorders impacting multiple body systems. Learners will develop, integrate, and apply knowledge from the foundational disciplines (i.e., pharmaceutical, social/behavioral/administrative, and clinical sciences) and apply the Pharmacists' Patient Care Process in solving case-based scenarios of these patients.

---

## Teaching Partnership Leader

Kaitlin Alexander, PharmD

Email: kaitlin.alexander@cop.ufl.edu

Office: GNV HPNP 3315

Eric Dietrich, PharmD, BCPS

Email: dietrich@cop.ufl.edu

Office: GNV HPNP 2301

Office Hours: See Canvas for Zoom office hour information

*See Appendix A. for Course Directory of Faculty and Staff Contact Information.*

## Entrustable Professional Activities

This course will prepare you to perform the following activities which the public entrusts a Pharmacist to perform:

### Patient Care Provider Domain

1. Collect information to identify a patient's medication-related problems and health-related needs.
  - ST 1.5 Use health records to determine a patient's health-related needs relevant to setting of care and the purpose of the encounter.
2. Analyze information to determine the effects of medication therapy, identify medication-related problems, and prioritize health-related needs.
  - ST2.1. Assess a patient's signs and symptoms to determine whether the patient can be treated within the scope of practice or requires a referral
  - ST2.2 Measure an adult patient's **vital signs** and interpret the results (e.g., body temperature, pulse rate, respiration rate, and blood pressure).

- ST2.3 Interpret laboratory test results
  - ST2.4 Identify drug interactions
  - ST2.5 Perform a **comprehensive medication review** (CMR) for a patient.
  - ST2.6 Assess a patient's health literacy using a validated screening tool
  - ST2.7 Compile a prioritized health-related problem list for a patient.
  - ST2.8 Evaluate an existing drug therapy regimen
3. Establish patient-centered goals and create a care plan for a patient in collaboration with the patient, caregiver(s), and other health professionals that is evidence-based and cost-effective
    - ST 3.1 Follow an **evidence-based disease management** protocol.
    - ST3.2 Develop a treatment plan with a patient. (including recommend therapeutic alternatives and generic substitution)
    - ST3.3 Manage drug interactions.
    - ST3.4 Select monitoring parameters to determine the therapeutic and adverse effects related to the treatment plan.
    - ST 3.5 Determine the appropriate time interval(s) to collect monitoring data.
    - ST3.6 Create a patient-specific education plan.
  4. Implement a care plan in collaboration with the patient, caregivers, and other health professionals.
    - ST4.1 Write a note that documents the findings, recommendations, and plan from a patient encounter.
    - ST4.2 Educate a patient regarding the appropriate use of a new medication, device to administer a medication, or self-monitoring test.
    - ST4.4 Assist a patient with behavior change (e.g., use shared decision making and motivational strategies).
  5. Follow-up and monitor a care plan.
    - ST5.1 Collect monitoring data at the appropriate time interval(s).
    - ST5.2 Evaluate the selected monitoring parameters to determine the therapeutic and adverse effects related to the treatment plan.
    - ST5.3 Recommend modifications or adjustments to an existing medication therapy regimen based on patient response.
    - ST5.4 Present a patient case to a colleague during a handoff or **transition of care**.

#### **Interprofessional Team Member Domain**

6. Collaborate as a member of an interprofessional team.
  - ST6.1 Contribute medication-related expertise to the team's work.
  - ST6.3 Communicate a patient's medication-related problem(s) to another health professional.
  - ST 6.4 Use setting appropriate communication skills when interacting with others

#### **Information Master Domain**

7. Use evidence-based information to advance patient care.
  - ST12.1 Retrieve and analyze scientific literature to make a patient-specific recommendation.

## Course-Level Objectives

Given a case of a patient with one or more of the above disorders/pharmacotherapy needs, Integrate knowledge and use clinical reasoning skills in accomplishing the following steps when managing a patient with the disease state:

- i. **Collect:** Gather subjective and objective information and analyze the data in order to understand the relevant medical/medication history and clinical status of the patient.
  1. Subjective and objective information is collected through comprehensive medication review with the patient, medical record review, pharmacy profile review, and communication with other members of the health care team.
  2. A holistic view is initiated during collection in order to consider physiological, psychological, and sociological variables of the patient and this view is maintained throughout the patient care process.
- ii. **Assess:** Assess the information collected and formulate a problem list consisting of the patient's active medical problems and medication therapy problems in order to prioritize medication therapy recommendations to achieve the patient's overall health goals.
  1. Assess the patient's active medical conditions taking into account clinical and patient goals of therapy.
  2. Assess the indication, effectiveness, safety, adherence and convenience (administration, access, affordability) of each medication the patient is taking.
  3. Include in the assessment an evaluation of risk factors, relevant psychosocial issues, and the need for preventative care or for referral to another healthcare practitioner for further evaluation
  4. Formulate a medication therapy problem list, classifying the patient's medication therapy problems based on indication, effectiveness, safety, and compliance.
  5. Prioritize the patient's medication therapy problems.
- iii. **Plan:** Develop an individualized patient-centered care plan in collaboration with other health care professionals and the patient/caregiver that is evidence-based and as affordable as possible.
  1. For each problem, create patient-centered goal(s) in collaboration with the patient/caregiver and other members of the healthcare team
  2. Develop a care plan to manage the patient's active medical conditions and resolve the identified medication therapy problems.
  3. Identify monitoring parameters to assess effectiveness, safety, adherence, and quality of life.

- iv. **Implement:** Implement the care plan in collaboration with other health care professionals and the patient/caregiver.
  - 1. For each condition and associated recommended strategy for resolving identified MTPs, provide the medication order in its entirety, including full drug name, dose, dosage form, route of administration, dosing interval, duration of therapy
    - a. Discuss the care plan with the patient.
    - b. Educate the patient on his/her medications (which may include explanations of medication action, the regimen or its proper discontinuation, proper medication use and storage, expected results and when to expect them, possible adverse effects, and when and how to follow-up or seek additional care.
  - 2. Where appropriate, contribute to coordination of care by providing documentation to other providers using an evidence-based method of communication, such as SBAR (Situation, Background, Assessment, Recommendation) or SOAP (Subjective, Objective, Assessment, Plan)
- v. **Follow-up with the Patient:** Monitor and evaluate the effectiveness of the care plan and modify the plan in collaboration with other health care professionals and the patient/caregiver.

## Course Pre-requisites

- 1. Completion of all Year 2 Pharm.D. program coursework including milestones.
- 2. Satisfactory completion of Block 16 in the PharmD Curriculum

## Course Co-requisites

- 1. PHA5166L Professional Practice Skills Lab VI

## Required Textbooks/Readings

- 1. Roche VF, Zito, SW, Lemke TL, Williams DA. Foye's Principles of Medicinal Chemistry, Wolters Kluwer Health/Lippincott Williams & Wilkins, Philadelphia, PA, 8th Edition, 2020. ISBN-13:978-1-4963-8502-4
- 2. Brunton L. Goodman and Gilman's The Pharmacological Basis of Therapeutics, McGraw-Hill Professional, New York, NY, 14th Edition, 2023. ISBN: 978-1-264-25807-9 (Available in Access Pharmacy)
- 3. DiPiro JT, Yee GC, Posey LM, Haines ST, Nolin TD, Ellingrod V. Pharmacotherapy – A Pathophysiologic Approach. McGraw-Hill Professional, New York, NY, 12e, 2023. ISBN: 978-1-264-26454-4 (Available in Access Pharmacy)
- 4. Krinsky DL, Ferreri SP, Hemstreet B, et al. Handbook of Nonprescription Drugs: An Interactive Approach to Self-care. 20th ed. Washington, D.C.: American Pharmacists Association; 2020.
- 5. Readings from the primary literature will also be assigned where appropriate and may be accessed through the UF Health Sciences Center Library.

Use [UF VPN to access UF Libraries Resources](#) when off-campus. UF HSC library staff can assist you with questions or issues related to accessing online library materials. For assistance contact your College of Pharmacy librarian or visit the [HSC Library Website](#) at this URL:  
<http://www.library.health.ufl.edu/>

## Suggested Textbooks/Readings

There are no suggested textbooks for this course.

## Other Required Learning Resources

None.

## Materials & Supplies Fees

None.

## Student Evaluation & Grading

Evaluation Methods and How Grades are calculated.

*Table 1.1 Evaluation and Grading Above*

Assessment Item	Grade Percentage
iRAT (2 @ 1% (1a/1b); 6 @ 2% each)	14%
tRAT (2 @ 0.25% (1a/1b); 6 @ 0.5%)	3.5%
JC Assignment (Module 1) - group assignment	3%
Pediatrics (ALS 4) Assignment	3%
Collaborative Practice Agreement Assignment	3%
Capstone 1 Assignment	4%
Capstone 2 Assignment	4%
Facilitated Case Discussion (2 total but 1 graded)	3%
Exam 1	29.5%
Final Exam (Comprehensive)	33%
Total	100%

*Table 1.2 grading scale*

Percentage	Letter Grade
92.50-100%	A
89.50-92.49%	A-
86.50-89.49%	B+
82.50-86.49%	B
79.50-82.49%	B-
76.50-79.49%	C+
72.50-76.49%	C
69.50-72.49%	C-
66.50-69.49%	D+
62.50-66.49%	D
59.50-62.49%	D-
< 59.50%	E

**Rounding of grades:**

Final grades in Canvas will be rounded to the 2<sup>nd</sup> decimal place. If the decimal is X.495 or higher, Canvas will round the grade to X.50. The above scale depicts this policy and grades are determined accordingly. Grade assignment is made using this policy and NO EXCEPTIONS will be made in situations where a student's grade is "close."

## Educational Technology Use

The following technology below will be used during the course and the student must have the appropriate technology and software.

1. ExamSoft™ Testing Platform
2. Canvas™ Learning Management System

For technical support, navigate to [Educational Technology and IT Support Contact Information](http://curriculum.pharmacy.ufl.edu/current-students/technical-help/) at this URL: <http://curriculum.pharmacy.ufl.edu/current-students/technical-help/>

## Pharm.D. Course Policies

The Policies in the following link apply to this course. Review the [Pharm.D. Course Policies](http://curriculum.pharmacy.ufl.edu/current-students/course-policies/) carefully, at this URL: <http://curriculum.pharmacy.ufl.edu/current-students/course-policies/>. If review of assessment grade is needed, request must be made within one week of grade release.

## Makeup Assignments

Makeup assignments may be required for excused absences from all Active Learning Sessions. Students will be required to complete the makeup assignment within one week of the missed session.

3/22/2023

## Late Assignments

Late assignments are not accepted.

## Respect for Diversity

The University of Florida College of Pharmacy strives to stimulate a culture that promotes diversity and inclusion within an exceptional community of students, faculty, and staff. It is our intent that students from all diverse backgrounds and perspectives be well served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit.

We intend to present materials and activities that are respectful of diversity: gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture. Your suggestions are encouraged and appreciated. Please let us know ways to improve the course's effectiveness for you personally or for other students or student groups.

If any of our class meetings conflict with any of your religious events, an excused absence will be provided when requested using the standard UF COP process as detailed in the [UF COP Course policies](#).

If you feel that you have experienced or witnessed any bias/treatment that falls short of these expectations, you may submit a report through the UF [COP Student Mistreatment Report](#).

## Course Evaluation Process

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

- Email: [cegan@ufl.edu](mailto:cegan@ufl.edu)
- Phone: 352-294-5636

## Academic Coordinator Gainesville Campus:

Ashleigh Langford

- Email: [lynn8597@cop.ufl.edu](mailto:lynn8597@cop.ufl.edu)
- Office: HPNP 4309
- Phone: 352-273-6284

*Absence/Tardy Email: (Visit the course policy site for further instructions)*

## Educational Coordinators

Katie Orben

- Email: [korben06@ufl.edu](mailto:korben06@ufl.edu)
- Office: Jacksonville Campus
- Phone: 904-244-9590

Andrea M Arredondo

- Email: [aarredondo1@cop.ufl.edu](mailto:aarredondo1@cop.ufl.edu)
- Office: Orlando Campus
- Phone: 407-313-4087

## Questions to Ask:

- Issues related to course policies (absences, make up exams, missed attendance)
- Absence/tardy requests (Only the Academic Coordinator handles absence requests)
- Questions about dates, deadlines, meeting place
- Availability of handouts and other course materials
- Assignment directions
- Questions about grade entries in gradebook (missing grades, incorrect grade)

3/22/2023

- Assistance with ExamSoft® (Distance campus students may contact the Educational Coordinator for use of Exemplify and assistance during exams. The Academic Coordinator is the contact person for issues related to grading and posting of ExamSoft grades.)

3/22/2023

## Appendix B. Course Outline

Date / Time	Mod #	Activity	Activity Title	Contact Time (hr)	Responsible
	1	Module	Acute Care/Critical Care		Kaitlin Alexander
	1.1	Unit	Introduction to Critical Care		
03/06/23	1.1.1	Lecture Video	Introduction to Critical Care: Part 1	0.75	Kaitlin Alexander
03/06/23	1.1.2	Lecture Video	Introduction to Critical Care: Part 2	0.25	Kaitlin Alexander
03/06/23		Other	Critical Care Worksheet		
		Optional/ Supplemental	Vincent J. Give your patient a fast hug (at least) once a day. Crit Care Med. 2005;33(6):1225-1230.		
		Optional/ Supplemental	Vicent WR, Hatton KW. Critically ill patients need "FAST HUGS BID" (an updated mnemonic). Crit Care Med. 2009;37(7):2326-7.		
		Optional/ Supplemental	Cawley MJ. Advanced Modes of Mechanical Ventilation: Introduction for the Critical Care Pharmacist. J Pharm Pract. 2019;32(2):186-198.		
	1.2	Unit	TPN/Nutrition		
03/06/23	1.2.1	Lecture Video	Parenteral Nutrition	0.5	Bethany Ruth Shoulders
03/06/23	1.2.2	Lecture Video	TPN PPCP and Stepwise Approach	0.5	Bethany Ruth Shoulders
		Optional/ Supplemental	NAPLEX® Review Guide: Chapter 38 - Parenteral Nutrition		
	1.3	Unit	TC: Specialized Patients in Critical Care		
03/07/23	1.3.1	Lecture Video	Specialized Patients in Critical Care	1	Bethany Ruth Shoulders
03/07/23	1.3.2	Video Other	Youtube Video: Modes of Therapy - CRRT Explained!	0.22	Bethany Ruth Shoulders
03/07/23	1.3.3	Video Other	Youtube Video: Artic Sun 5000 Overview	0.1	Bethany Ruth Shoulders
	1.4	Unit	Sedation in the Critical Care Patient		
03/07/23	1.4.1	Lecture Video	Pain, Agitation, and Delirium	1.75	Carinda J Feild
		Optional/ Supplemental	Neuromuscular Blockade Management in the Critically Ill Patient. Journal of Intensive Care (2020) 8:37		
		Optional/ Supplemental	Dipiro Pharmacotherapy 12ed Chapter e27.		
		Optional/ Supplemental	Clinical Practice Guidelines for the Prevention and Management of Pain, Agitation/Sedation, Delirium, Immobility, and Sleep Disruption in Adult Patients in the ICU. Crit Care Med. 2018; 46(9). e825-e873.		
		Optional/ Supplemental	Clinical Practice Guidelines for the management of Pain, Agitation, Delirium, Immobility, and Sleep Disruption in Adult Patients in the Intensive Care Unit PADIS Guidelines: Executive Summary Crit Care Med 2018; 46(9):1532-1548		

3/22/2023

Date / Time	Mod #	Activity	Activity Title	Contact Time (hr)	Responsible
		Optional/ Supplemental	Sedation and Delirium in the Intensive Care Unit N Engl J Med 2014; 370:444-54		
		Optional/ Supplemental	Pain Management Principles in the Critically Ill Chest 2009;1 35:1075-1086		
		Optional/ Supplemental	Clinical Practice Guidelines for Sustained Neuromuscular Blockade in the Adult Critically Ill Patient Crit Care Med 2016; 44:2079-2103		
		Optional/ Supplemental	PAD Scale Supplement Document (PDF)		
	1.5	Unit	Shock States		
03/08/23	1.5.1	Lecture Video	Principles of Shock Management - Pathophysiology and Monitoring	0.75	Carinda J Feild
03/08/23	1.5.2	Lecture Video	Hypovolemic Shock	0.75	Carinda J Feild
		Optional/ Supplemental	Shock Glossary (PDF)		
		Optional/ Supplemental	Shock Syndromes. Dipro Pharmacotherapy 12ed Chapter e42.		
		Optional/ Supplemental	Circulatory Shock N Engl J Med 2013;369:1726-34.		
		Optional/ Supplemental	Resuscitation Fluids N Engl J Med 2013;369:1243-51 (for the hypovolemic shock section)		
	1.6	Unit	Management of Patients with Sepsis		
03/08/23	1.6.1	Lecture Video	Sepsis and Septic Shock	1.5	Carinda J Feild
		Optional/ Supplemental	Severe Sepsis and Septic Shock N Engl J Med 2013;369;840-51		
		Optional/ Supplemental	Dipro 12 <sup>th</sup> Edition Chapter 142		
		Optional/ Supplemental	Surviving sepsis campaign: international guidelines for management of sepsis and septic shock 2021. Intensive Care Med. 2021;47(11):1181-1247.		
		Optional/ Supplemental	Executive Summary: Surviving Sepsis Campaign: International Guidelines for Management of Severe Sepsis and Septic Shock: 2021 CritCareMed. 2021;49(11) 1974-1982		
		Optional/ Supplemental	Sepsis Figures Supplement (PDF)		
		Optional/ Supplemental	The Third International Consensus Definitions for Sepsis and Septic Shock (Sepsis-3) JAMA. 2016;315(8): 801-810
